

GREASE

Greasing is a fundamental function for any mechanical structure with high forces, stress or load.

Finn-Power Grease has been developed especially for crimping machines and it has very high resistance to extreme forces and temperatures.

Because of greasing Finn-Power machines have the best accuracy, repeatability and lifetime in the world.

Greasing reduces friction and ensures that maximum capacity is always in use.

Notes:

- Always use genuine Finn-Power grease
- Grease for food related industries also available

Order numbers:

- 019302 400 g tube
- 019302/12 12 x 400 g tube in a box
- 019302/18kg 18 kg bucket
