simple, fast and secure shoulder strap ensuring easy and comfortable operation of the battery driven grease gun

Shoulder Strap	34 259 99

High Pressure Rubber Safety Hose
for Accu-Greaser 18 V

High pressure safety hose ø 13 mm, burst pressure 1.650 bar (double steel wire braided)

RH-75, 750 mm, R1/8", without coupler	32 585 80
RH-75C, 750 mm, R1/8", with coupler	32 589 48

Lance with lubricating brush

The lance assembly includes a lubricating brush, a high pressure handle and a z-swivel joint. It comes with separate 400/800 mm pipe segments that can be bolted by a hex-nut. The unit can directly be tied to the 750 mm high-pressure Accu-Greaser rubber hose. The lance is equipped with a Ø 25 mm PA6 nylon brush (R1/8") to lubricate surfaces like open gears, chains, linear and glide rails, train-tracks, etc.
For spare brush see page 69.
