Product specifications

| Characteristic            | Value                                                                                         |
|---------------------------|-----------------------------------------------------------------------------------------------|
| Angle shape               | Straight                                                                                      |
| Application               | Construction, General industry, Heavy load and high pressure, Material handler, Petrochemical |
| Body size                 | 1/4                                                                                           |
| Brand                     | Danfoss                                                                                       |
| End size 1                | -4                                                                                            |
| End Type 1                | Female BSPP port washer seal.                                                                 |
| Finish plating            | Zinc trivalent                                                                                |
| Flow rate GPM             | 3.06                                                                                          |
| Fluid loss cc             | 1.10000                                                                                       |
| Hex size 1 IN             | 0.900                                                                                         |
| Item type                 | Male half                                                                                     |
| Latch type                | Screw to connect                                                                              |
| Product material          | Carbon steel                                                                                  |
| Safety locking mechanism  | None                                                                                          |
| Seal material             | Nitrile (NBR)                                                                                 |
| Sub brand                 | Gromelle                                                                                      |
| Thread size 1             | G 1/4                                                                                         |
| Valve type                | 2 way                                                                                         |
| Working pressure max psi  | 15950                                                                                         |
| Working temperature max F | 212                                                                                           |

| Characteristic            | Value |
|---------------------------|-------|
| Working temperature min F | -4    |
