

Service kit used to convert Sun's L or K adjustment to an aluminum handknob adjustment. This is available in kit form only and cannot be configured as a cartridge control option.

TECHNICAL DATA

Cartridge Series	1, 2, 3, 4 (except Counterbalance Valves)
For Cartridge Models	All Models with an L adjustment control (Except Series 0 and counterbalance)
Material	6061-T6 Aluminum
Model Weight	0.13 lb.

- NOTES**
- Use this kit to adapt all L controls to K controls (except Series 0 and counterbalance cartridges).
 - Remove the existing stop ring from the adjust screw.
 - Thread the lockknob onto the adjustment screw.
 - Thread the handknob assembly onto the end of the adjustment screw until it bottoms out.
 - Install the set screw into the handknob's threaded hole ensuring that the nylon tip digs into the valve's adjust screw.
