

### KK2V – Twin male intermediate coupling

- Galvanized steel, Some sizes electro-galvanized steel <sup>(ELF)</sup>.
- Stainless steel EN 1.4404 / AISI 316L.

#### Galvanized steel

#### Stainless steel

Size	Art.no.	Art.no.	L (mm)	W (kg)
48	1622612 <sup>(ELF)</sup>	1631001	150	0,9
76	1622638	1631019	170	1,5
76 x 102	1622642 <sup>(ELF)</sup>	-	180	2,0
102	1622646	1631027	180	2,4
133	1622653 <sup>(ELF)</sup>	1631036	190	3,1
152	1622661 <sup>(ELF)</sup>	1631045	230	5,0

### KK2M – Twin female intermediate coupling

- Galvanized steel, Some sizes electro-galvanized steel <sup>(ELF)</sup>. Lock, ring and hook-system made of galvanized steel.
- Stainless steel EN 1.4404 / AISI 316L. Lock, ring and hook-system made of EN 1.4301 / AISI 304.

Standard EPDM rubber seal included.

48	1622711 <sup>(ELF)</sup>	1631076	310	2,7
76	1622737	1631084	370	5,0
76 x 102	1622741 <sup>(ELF)</sup>	-	380	6,0
102	1622745	1631092	380	6,9
133	1622752 <sup>(ELF)</sup>	1631095	550	12,0
152	1622760 <sup>(ELF)</sup>	1631098	500	18,3

### KfV – Enlarger male x female

- Galvanized steel, Some sizes electro-galvanized steel <sup>(ELF)</sup>. Lock, ring and hook-system made of galvanized steel.
- Aluminium. Lock, ring and hook-system made of galvanized steel.
- Stainless steel EN 1.4404 / AISI 316L. Lock, ring and hook-system made of EN 1.4301 / AISI 304.

Standard EPDM rubber seal included.

133 x 152	1623844 <sup>(ELF)</sup>	1325709	-	425	10,5

### KfK – Reducer male x female

- Galvanized steel, Some sizes electro-galvanized steel <sup>(ELF)</sup>. Lock, ring and hook-system made of galvanized steel.
- Aluminium. Lock, ring and hook-system made of galvanized steel.
- Stainless steel EN 1.4404 / AISI 316L. Lock, ring and hook-system made of EN 1.4301 / AISI 304.

Standard EPDM rubber seal included.
