

Description

Item No.

SP-50 - Polythene Syphon-Pump

designed for use with the majority of aggressive fluids

suction tube length: 375 mm
 bung adaptor: for Ø 31 mm (R1" BSP)
 delivery hose length: ca. 0,5 m
 output: approx. 50 cc per stroke, therefore approx. 6 l/min. possible

SP-50 34 622 08

SP-150 - Polythene Syphon-Pump

designed for use with the majority of aggressive fluids, suitable for detergents

suction tube length: 850 mm
 bung adaptor: R2"
 delivery hose length: approx. 1.4 m
 output: approx. 150 cc per stroke, therefore approx. 20 l/min. possible

SP-150 34 622 22

HP 500 - Lever Operated Drum Pump

for 50 up to 200 litre drums, equipped with 2" drum adaptor, telescope 2-segement suction tube and 2 m delivery hose, 2" bung adaptor and 2 adaptor 2" BSP female to 2" Mauser / TriSure male
 suitable for AdBlue®, diesel, Anti-Freeze, cleaning fluids, water, compatibility with other fluids on request

flow rate: 500 cc per stroke, EPDM seals

HP 500 34 623 07

LP-S - UNIVERSAL Lift Pump

with adaptor R2" for standard drums/barrels, output: 250 cc per stroke

suitable for lubricating oils, diesel and fuel oil, compatibility with other fluids on request

Different bung adaptors described on page 80

LP-S 25 (for 25 l containers) 34 625 12

LP-S 200 (for 200 l drums) 34 625 29

Description

Item No.

LP-C - UNIVERSAL Lift Pump

with adaptor R2" for standard drums/barrels, output: 250 cc per stroke
piston in stainless steel

suitable for chemicals, thinners, solvents, anti-freeze, detergents, cleaning fluids and AdBlue®, compatibility with other fluids on request

different bung adapter available on page 80

LP-C 25 (for 25 l containers)

34 625 50

LP-C 200 (für 200 l drums)

34 625 67

Delivery hose for Lift Pumps LP-C & LP-S

2.0 m PVC delivery hose

34 626 04

with spout for LP-C & LP-S

Universal Adapter for Lift Pumps LP-C & LP-S

Universal Adapter for LP-S/C 25 + 200

34 626 28

Adaptor 2" BSP for Lift Pumps LP-C & LP-S

Adaptor 2" BSP for LP-S/C 25 + 200

34 626 11

Rotary Action Pumps

Description

Item No.

RP 100-PP Polypropylene Rotary Pump

2-chamber vane pump with 3-segment suction tube and 1.4 m delivery hose, designed for drums up to 200 litre, drum adaptor 2" BSP

Suitable for AdBlue®, water-based liquids, thinner, solvents, anti-freeze, windshield detergents, hydraulic-oils, other lubricants on request

output: 250 cc per revolution

RP 100-PP
